## *Meeting the history*

There is a few places in Brno that are for the people of the Moravian metropolis real matter of heart. Besides Spilberk Castle, Old and New Town Hall there is still one where every true Brno citizen like to go. A place where history of Brno meets its present.

Cellar spaces of the current Restaurant and Wine-room At The Queen Elizabeth was created by the Cistercian monastery at the same time, which was established in 1323 by The Queen Elizabeth Rejcka.

In 1964 started reconstruction and adaptation of the interior basements and on the 10th of September 1965 was Wineroom launched for the first time. In 1980 was the spaces enlarged and disco part was opened.

On the 29th of June 2006 was opened Wine-tasting room. It was beginning for the private wine boxes and for the regular meetings of the members of The Queen Elizabeth's Club. This historic cellar with ancient wine press from 1711 is available to all visitors too.

Wineroom is the oldest and the most famous part of the complex At The Queen Elizabeth, where you will find a romantic atmosphere of the wine cellars including live folk music, traditional culinary specialties and rich selection not only of the Moravian wines.

In our wine list we offer a rich selection of quality wines, predominantly from South Moravia region.
